The mission of the UNI-Press Association is to encourage and promote French culture and language throughout the world.

UNI-Press offers publications by all of France's main publishers, and across all sectors of publishing : general interest, scientific, medical, legal, technical, literary, etc.

UNI-Press is the bridge between its members, publishers and millions of French-speaking readers throughout the USA.

UNI-Press is financed by the subscriptions of its member publishers, and by a grant from the French Government (Fonds d'Aide à l'Expansion de la Presse à l'Etranger.)

MEETING THOSE WHO LIKE TO READ IN FRENCH

UNI-Press works in collaboration with existing French cultural networks: the Alliances Françaises, Chambers of Commerce, the Cultural Services of the French Embassies, the various "Instituts Français", etc. and organizes itinerant exhibitions, meeting those who, wherever they are in the USA, like to read in French.

MANAGING SUBSCRIPTIONS FOR INSTITUTIONS

To help major government offices and institutions manage their subscriptions, UNI-Press centralizes all the subscriptions of the various French Government Ministries which have to be sent abroad (to Embassies, various institutes and "Centres Culturels Français".)

SUBSCRIBE TO THE FRENCH PRESS FROM ANYWHERE IN THE USA

Thanks to UNI-Press, you can subscribe in US \$ to over 600 publications from the French press.
